---

Brian,

Thank you for taking time from your busy schedule to discuss your revised plans for the Falcon Refinery.

As I indicated earlier today, I am requesting, on behalf of Lazarus, a copy of the EPA's Field Sampling Plan (FSP) for the RI field investigation that is scheduled for July 2013.

In our conversation you also indicated that mobilizing to the Falcon Refinery to conduct EPA's July 2013 field activities may be delayed until August 2013, and that would be primarily due to obtaining access to offsite property from third parties.

If your PO determines that it is appropriate for you to distribute the document, please send a copy of the FSP to my e-mail address. Please include distribution of the FSP to Mr. Carroll as well. Thank you for your professional courtesies. Should you have any questions please feel free to contact me at 361-522-1935 or [aarredondo@trcsolutions.com](mailto:aarredondo@trcsolutions.com)

Subject: Access Agreement for Falcon Refining Superfund Site

Kwame

I just wanted to thank you for your help in obtaining access to the Falcon Refining Superfund Site. I just to wanted to confirm that you except the agreement to be signed next week. Please let me know if any questions come up about the agreement and let me know if you would like to either have me and our contractor come to either your office or have you come to our office to go over the proposed sampling plan for the site.

9568043

Thanks

Brian W Mueller RPM
